Abilene resident, Terry Tietjens was recently honored with the Edwin P. Hubble Medal of Initiative in Marshfield, Missouri, during the Missouri Cherry Blossom Festival. The award, which was first presented to Lady Bird Johnson in 2004, is the city of Marshfield's highest honor and is presented annually to honorees who have shown great initiative in their chosen field. The award is presented by the Hubble Legacy Committee and the Missouri Cherry Blossom Festival.

The 2022 class of honorees included Tietjens, who was honored for his work in restoring and preserving the historic Seelye

Mansion, Rebecca Holden from the classic television show "Knight Rider," Ruta Lee, a classic actress of both television and screen, and Nancy Stafford of "Matlock." John Collett was also honored during the festival with the medal for his work in the armed forces.

Tietjens was introduced at the award ceremony by fellow Abilene resident, Mary Jean Eisenhower, granddaughter of President Dwight Eisenhower and a 2017 recipient of the medal.

Throughout its history, the award has been presented to many outstanding Americans, including

SGS PRESIDENT'S REPORT

Seeley Genealogical Society President, Lynda Simmons

Summer is here, and it is a time to rejoice and celebrate. Even so, it is with a heavy heart that I must inform you that we have lost our beloved Director and Assistant Genealogist Christine Havnar. Chris had also recently lost her mother, Elizabeth Seely Kjeldgaard. All members are valued, but when you work with people, you grow closer to them, and their impact on your life is greater. Chris will be greatly missed, and her research will be useful to SGS members for years.

I am delighted to report that the Executive Board has elected Pam Turner, SGS Librarian, to replace Chris as SGS Director. Welcome, Pam!

I was asked to explain in less technical terms our new DNA project, why we want everyone to join it, and how using DNA is helpful in researching. To me DNA is like a big pot of stew, which is then served in individual bowls. It all comes out of the same pot, but not everyone will get the exact same number of carrots or potatoes in their bowls. When searching for the DNA of our ancestors, we are searching for those bowls of carrots and potatoes, which originally came out of that same pot. Finding them proves that they all came from the same pot; then the pieces of the puzzle all fit together, once again becoming a picture or family. The more children a family has the more DNA is out there, waiting for us to find it. Families who remain in the same

location for generations are sometimes easier to trace, but a lot of people have ancestors who moved often, lost everything, and are now all over the country or even world. All of us have lost sheep in our families. They could be living down the street from cousins, or have worked with someone to whom they later found out they were related. Researching to find these family members, to read the stories, to learn about people who lived decades ago, and then to learn that they are your people is a great discovery and a reason to keep searching for those missing relatives. There have been times when I have gotten in touch with people who knew no relatives beyond their immediate family and were very grateful to learn

about their family history. If you have completed a DNA test for FamilyTree DNA, regardless of which DNA test, please join the new SGS project. If you want more information about which DNA test to take or transferring your DNA from another site, please call or text me. Let me know whether you found this explanation helpful.

The Website Committee is continuing to work on the SGS Website. It takes an army to run this organization and extra eyes to see what has been missed, so if you see

Obituary: Former SGS President Dan Seelye

Daniel P. Seelye passed away peacefully February 8, 2022 at age 95.

He was born in Juneau, AK, and graduated from Lincoln High School in Tacoma, WA. On his eighteenth birthday he joined the US Merchant Marines and then the Army. He served his country with honor until WWII ended. He was blessed by marrying Ruth Kachulis. They were together for fifty-four years until Ruth's departure in July 2003. In May 2004, Dan married Marjorie

Heidenrick, who died in 2015.

Dan's professional career spanned forty years as an electrician. He retired in 1987 and spent thirty more years "snow birding" in Desert Hot Springs CA. He loved hot pools, horseshoes, walks in the desert, potlucks, exploring family history, serving as president of the Seeley Genealogical Society, and, especially, making everyone he met SMILE.

Dan is survived by his sister Audrey, brother Alan, sons Dan and Scott and daughters-in-law Sally and Debbie. He was blessed with four grandchildren and four great-

grandchildren.

Dan sacrificed greatly for his family. He spent countless hours dedicated to the success of his sons' swimming careers; transporting them to swim practice and competitions early in the morning and late in the evening was common practice for over two decades. He was president of the Tacoma Swim Club and participated heavily in officiating at local swim meets, both AAU and college level.

A loving husband, father, and grandpa, Dan leaves a legacy full of

any mistakes, on the site or have problems with it, please let us know. Words of praise would also be welcomed and enjoyed!

The Reunion Planning Committee is once again working on the next SGS reunion, which is scheduled to be held in St. Louis, Missouri, in June 2023. Watch the newsletter and website for further announcements.

It seems that everyone is blaming COVID for something, but sadly, time management and workload explain my problems. Remember that Army truism? SGS is looking for help with the Newsletter, finding obituaries, and writing membership letters, to name just a few things. If you can help or have experience in any area, or are willing to learn, let us know because every job is easier with a group. We are combining the February and May issues of the Newsletter and just have a summer issue, which should catch us up.

Blessings all, until we meet again,
 Connie Martin Birth

Obituary: Chris Havnar, SGS Director, Asst. Genealogist, Webmaster

Joanne Christine “Chris” Kjeldgaard Havnar was born June 10, 1951, in San Diego, CA, to Peter Dean and Elizabeth Seely Kjeldgaard. She married her husband, Jerry (Gerald Edmond Havnar), in 1980, and they lived in Pacifica, CA. They had one son, Charles, and two grandchildren, Nathan and Sophia, as well as a step-grandson, Ernesto.

Chris and Jerry shared childcare for their grandchildren with the other grandparents, and after Jerry's death in 2015, Charles, Nathan, and Sophia moved in with Chris. Chris died on March 8, 2022, shortly after being diagnosed with cancer. Besides her son and grandchildren, she is survived by a sister, two brothers, and their families.

Chris was a fixture at Seeley

Genealogical Society Board meetings for almost twenty years during which she served in a number of leadership positions. Although her work brought her in contact with all appointed and elected members of SGS, the person with whom she worked most closely was SGS Chief Genealogist Linda Crocker.

“I met Chris at my first SGS Reunion in 2005 in Abilene, and knew I had met a kindred soul,” said Crocker. “Chris was already serving as the SGS Treasurer at that time. By the 2007 Reunion Chris and Jerry were managing the SGS Website, which Jerry had redesigned, and in 2011 Chris added co-chairing the Ancestor File to her duties.

“Chris spent innumerable hours searching for and recording Seeley vital statistics, primarily in California and Oregon as well as collecting Seeley obituaries, wedding notices,

and all kinds of other Seeley information for the SGS Website. As Ancestor File Co-Chairs, we had agreed to check each other's entries, but I quickly fell behind, since she contributed so much. I was grateful to be able to have Chris stay with me when she came to Parkersburg for the 2017 Reunion, which turned out to be her last.”

SGS Librarian Pam Turner enjoyed her time with Chris as well and said, “If you ever had the pleasure of meeting Chris, you know that the world has lost a special lady. For SGS and genealogical research in general, a powerhouse in finding information is gone. Her support of SGS was extraordinary.”

“My first knowledge of Chris came before I had even met her,” said Turner. “On a visit to the research center in Abilene, KS, I discovered the binders Chris had put together filled with California death certificates and obituaries. It was in these binders that I discovered that an ancestor didn't die in Southern California, as I had thought, but in Northern California.

“This discovery prompted me to want to help in the SRC and eventually led to me becoming its librarian. When I finally met Chris, I had to tell her how those binders had helped me and thanked her for them.

“As time went on, and I got to know Chris better,” Turner continued, “I realized how important family was to her. Not just her own, but everyone else's as well. This was shown through her love of research and wanting to share that research with everyone.

“She was great at finding obituaries. One memory that makes

Obituary: Elizabeth Seely Kjeldgaard

Elizabeth Seely Kjeldgaard of Eugene, OR, passed away on February 14, 2022, at the age of 92. She was born on June 11, 1929, in Santa Clara, CA, and graduated from Stanford University in 1950.

She was a believer in life-long education and continued to take many educational classes during her lifetime. Her passion was empowering young women in their educational goals.

She was a lifetime volunteer in many organizations, including Girl Scouts, Toast Masters, Navy Wives Club, AAUW, and PEO International.

Elizabeth loved music and had season tickets to both the Hult Center and the Very Little Theater. She was a volunteer in the Symphony Guild

office for many years and coordinated the volunteers for a time. She was Eugene Symphony Guild's President in 2003-4 and was 2010 Eugene Arts & Culture Volunteer of the Year.

Her deceased husband, Peter, was a US Navy officer for 30 years. Between traveling to various military postings and family vacations, she was able to visit almost all fifty US states.

Elizabeth was joined in heaven on March 8, 2022, by her daughter Christine Havnar.

Elizabeth is survived by her children, Karen Sellers and her husband, Richard, David Kjeldgaard and his wife, Lee Zimmerman, and Ned Kjeldgaard and his wife, JoAnna

Report: Seelye Research Center Librarian

Submitted by Pam Turner, SRC Librarian

I was recently presented with a challenge by a person who contacted our Website with a question about a book signed by Mr. Sherman Seeley. The questioner wanted to know how his grandfather, William Smith (formerly Schmidt), had ended up with the copy, and whether we could tell if they knew each other. He gave me the information he had collected, mostly obituaries from the Seeley Website, and I used that information to begin my hunt, which centered on Huron, SD.

I went through census records for Huron from 1900 to 1920, looking for both Sherman and William. I found Sherman F. Seeley in the 1900 and 1910 censuses, living with his parents in Lake Byron (Huron?), Beadle County, District 0018; he was aged ten and twenty and was listed as being a farmer in the 1910 census. In the 1915 SD census he is living with his wife, Orpha, but the city was not

listed. I could not find Sherman on either the 1920 census or the 1925 state census. By 1930 the family had moved to Becker, Sherburne, MN. I know they were in Huron in 1919 because their middle son was born then and lists Huron as his birthplace. Sherman's WWI draft registration card was also completed in South Dakota.

As for William Smith, I found him in the 1920 census in Huron Ward 3, district 0296, Beadle County, SD, living with his wife, Anna, and four sons. He is also listed on the 1915 SD state census but did not list the city where he is living. In 1910, I find him as William F. Schmidt in Spink, SD.

My conclusion was that if these two men crossed paths, it would have been between 1910 and 1920. I looked over the actual census sheets and discovered that they did not live close to each other. Based on their

age differences, job differences, differences in their children's ages, and no apparent connection in any census, I would have thought that they never connected. Since Smith worked for the railway as a station agent, I think it probable that the book was left in the station, and that was how he acquired it.

Of course, my conclusion could be one of many, but this challenge presented a different way to think about genealogical research: could a connection be found between two unrelated families from the early 1900s? It showed me that families moved more than I had thought, and it helped me understand how to navigate Ancestry a bit better. So even though I could not connect these two families directly, my search improved my research skills and made me think outside of the box, regarding genealogical research in general. I was thankful for the challenge.

- Lynda Simmons announced the appointment of Shauna Besendorfer as SGS Membership Chair.
- Terry Tietjens noted that he is looking forward to hosting a Reunion in Abilene, KS, soon.

Adjournment: 8:15 p.m. EST.

10 Years Ago in SGS: Seelye Research Center Filing

From the August 2012 SGS Newsletter, an article appeared highlighting a gathering of SGS members at the Seelye Research Center to file items and update the SRC Document Index. The last large SGS visit to the SRC was 2018 before the

pandemic. Now that travel restrictions have eased and people are feeling better about traveling and being in close proximity to one another, perhaps now is the time to consider another trip to the Research Center in Abilene, KS. Would you be interested in such a trip? If so, please reach out to SGS President Connie Birth (clbirth@sbcglobal.net) or SRC Librarian Pam Turner (Cello_t@comcast.net) and let them know a good time for such a trip.

Draft Minutes: SGS Executive Board Meeting, Sept. 28, 2021

Submitted by Patricia Brooks Palmer, SGS Secretary

SGS President Lynda Simmons called the meeting to order at 7:04 PM EST.

Quorum: Acting

2021 SGS Membership Meeting and Reunion Souvenir Books For Sale

EDITOR'S NOTE: Jesse Crisler once again completed a Souvenir Book for the most recent reunion. The book is obviously shorter than past editions, but since it is really a compendium of the preceding two years, it's still a substantial document that contains a wealth of information. I asked Jesse to tell you a little about the book. Here's what he said:

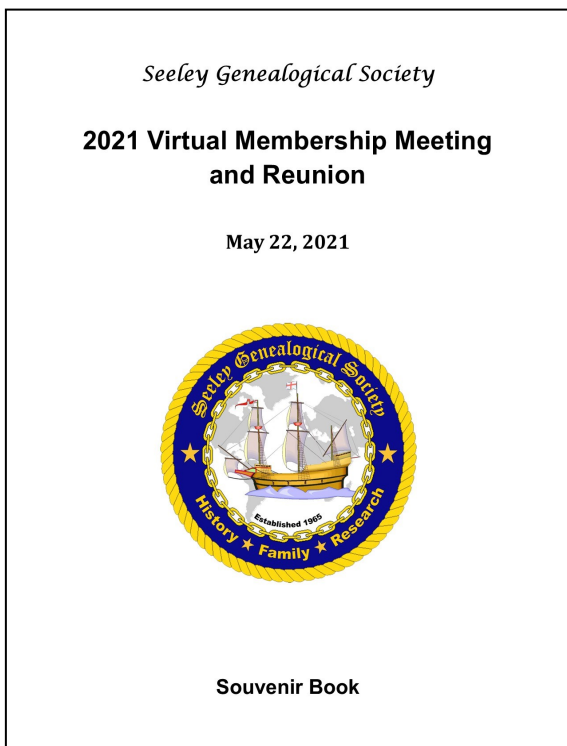

A great way to remember the unusual 2021 SGS Virtual Membership Meeting and Reunion will be leafing through the pages of the latest Reunion Souvenir Book, now available. Recently completed by SGS second Vice President Jesse Crisler, the new book contains a

complete record of all events during the reunion last May, including presentations by Paul Taylor on the history of the Society, Kara Seelye-Donaldson on the SGS DNA Lineage Project, Michael Hook on the Seelye Mansion in Abilene, Logan Seelye on the new SGS Website, and Stephanie Mills Moore on St. Louis, the site of the next Reunion in 2023. In addition, the book will include the SGS Constitution and Bylaws with all changes approved by the membership at the Reunion, minutes of all meetings of the Executive Board since the 2019 Reunion in San Diego as well as minutes of the Virtual Reunion, Treasurer's report of 2020

the latest Reunion Souvenir Book promises to be a fitting document, preserving all that occurred at the 2021 SGS Virtual Membership Meeting and Reunion. Copies can be ordered for \$25.00 via the Website (www.seeley-society.org/shop/) or by check mailed to SGS Treasurer Margaret Petersen (contact information on the last page of this Newsletter).

In addition to the most recent Souvenir book, the following past issues are also available

- 2007 – Wethersfield, CT
1 copy - \$20.00
- 2009 – Salt Lake City, UT
1 copy - \$20.00
- 2011 – Horseheads, NY

- 2013 – Grand Rapids, MI
4 copies - \$30.00
- 2015 – Abilene, KS
2 copies - \$35.00
- 2017 – Parkersburg, WV
1 copy - \$35.00
- 2019 – San Diego, CA
1 copy - \$35.00

and 2021, contact information for all elected and appointed SGS officers, and reports from them for the past two years. One of the most valuable articles in each reunion is the record of past Reunions, complete with photos of attendees.

The Souvenir Book will also contain a group photo of those attending the virtual Reunion via Zoom.

Another article in this Souvenir Book is a review of past presidents of SGS and their accomplishments by Jesse Crisler, included as a companion piece to Paul Taylor's history. Finally, SGS President Lynda Simmons wrote an overview of highlights of the Reunion for the book, and the lyrics to two Reunion songs, which Lou Ann Crisler wrote and sang during the Reunion, appear on the back cover of the book. - Jesse Crisler, Lou Ann Crisler, Linda Crocker, Camille Bell, Annette Earle, and Kelly Findley; the committee will address providing time for the reunion attendees to confer, visit, and compare genealogical information, providing venues outside St. Louis proper to reduce hotel and meal costs of the hotel, inviting Shane Seeley, a university poet, as a speaker, and proposing a suitable date for the Reunion, i.e., on or about June 15, 2023.
- The Board decided that the February and May issues of the Newsletter be consolidated into a

- single spring issue and that the Newsletter appear only three issues per year.
- On behalf of Daniel Seeley, former SGS President, who passed away recently, \$315 has been donated to the Society.
- It was suggested that the Board consider memorializing in some way, members who have made a considerable contribution to the Society.
- The next SGS Board meeting was scheduled to occur on June 22, 2022, 9:00 p.m. EST

Adjournment: 9:12 p.m. EST

SGS Wants YOU! As the Next SGS Newsletter Editor
Story by Paul Taylor, SGS Newsletter Editor

If I’m lucky, you’re reading this newsletter in August of 2022. That’s more than nine months after the previous edition, November 2021, *should* have come out. Unfortunately that one was late too, as have been all the newsletters in the past year.

I have previously made it known that I cannot continue in the appointed position of newsletter editor. Not because I don’t enjoy doing it (I really do), but because last year I accepted my final promotion at work before I retire in five years. This new position is an extraordinary opportunity, but it is also extraordinarily time-consuming. On top of that our two children, Cameron and Nick, who many of you have met at SGS Reunions over the past 20 years, have moved on and are now living in other states. This means we travel a lot more to see them. Bottom line, for the next five years, I’m going to be way too busy to continue doing the

newsletter. Plus, after 20 years of doing it, it’s way past time for a fresh perspective on how to best provide SGS membership with the news they need about Seeley family history, genealogy in general, and the society.

The Executive Board has even had initial discussions about new and different ways to disseminate SGS news to members including leveraging our new and vastly improved website or more aggressively using our Facebook page.

I will happily provide a thorough pass down and an archive of the electronic files and photos I’ve collected over the years to whoever is willing to take on the job.

I have used Microsoft Publisher the entire time I’ve done the newsletter. If you don’t have access to a desktop publishing software package, SGS may be able to help with a subscription to Microsoft 365 or perhaps Adobe InDesign.

Doing the SGS Newsletter is a fun job that allows you to be creative and provide a valuable service at the same time.

In fact, the SGS Newsletter is one of the primary benefits of membership in the society. That’s why it’s important for it to be done on time every time, and why I am no longer able to do it.

If you’re interested in taking on this important and fun job, please reach out to SGS President Connie Birth (contact info on page 15) and let her know you’re interested. I will set up meetings to discuss how we’ve done the newsletter in past, share files with you and continue to help out however I can.

SGS Queries (as of March 26, 2022)

Coordinated and Compiled by SGS Query Editor Linda Crocker

The SGS query column leverages the amassed knowledge of the Seeley Genealogical Society, the research skills of the Society's query team, and the knowledge of SGS members to help answer challenging research questions.

Submit queries to SGS Query Editor Linda Crocker at llbc100@msn.com, or mail to Linda at home (contact information on page 15). Queries are assigned a query number by the Query Editor. Linda summarizes the query and responses for inclusion in the quarterly SGS Newsletter.

Be sure to follow a few guidelines when submitting a query:

Be specific and detailed: Give all the information you have about the person or family in question,

especially dates and locations.

What resources have you already consulted? SGS publications or website? Census? Public records? Cemetery records? County histories? Family Bible? Others? (Specify.)

What exactly do you want to know? Parents' names and details? Sibling information? Information on a family marrying into a Seeley family? Our sources?

After your query is printed, please keep us informed of any information you receive or further progress you make on your own. Other members may be interested in or related to your line.

We will publish an update to your query with any new information we receive. This may lead to even more

new information. One more name, date, or place may be the key to linking your line to others. Your query will also be posted on the website. Make sure we have your current and complete contact information—sometimes we receive new information months or even years after a query appears.

If you have information to share on queries from current or past issues of the Newsletter, send it to the query submitter and also to Linda Crocker, **so the query can be updated in the next Newsletter. Please include the query number**, preferably in the subject line of your email. Remember to cite your sources.

The query number is the two digit year, two digit month of the Newsletter issue and query sequence

New Queries:

2202-1 Submitted by Paul Seeley (pnseeley@icloud.com)

Paul forwarded a question from a child of Marie Seeley: I am interested in finding out about Angus Ronald Seeley. My great grandmother was Deborah Macallister, who lived in Hartland, ME, when I was growing up. She married Angus Ronald Seeley and had a son with the same name who married my grandmother, Agnes Colson Seeley (from Waunsqueak, ME, which I think was really Winter Harbor). My mother was Marie Seeley, and her siblings were Edgar and Evelyn. My grandmother Macallister had three children, Grace (Grace E. Grace), Owen Nichols (I believe Grace and Owen were from a different marriage), and my grandfather Angus. My grandfather died when he was thirty-seven, and I believe the year was 1943 or 1944.

2202-2 Submitted by Sherry Byrd (rockrunstockfarm@gmail.com)

Sherry is a pedigree researcher and Appaloosa breed historian. She came across the genealogy site for J. Leo Seely in connection with Appaloosa horses. She saw where his family bred purebred sheep and cattle. She says that J. Leo Seely has a registered Appaloosa horse credited to him. The horse is named Spangle, ApHC F31, foaled in 1937. He was a black/white blanket with black spots. His sire is listed as an unregistered horse named Spot; his dam is listed as an unregistered horse named Mathelda. J. Leo Seely is listed as the breeder of this horse. If you go to <https://appaloosateritory.com/Articles/foundation1.html> (or just search for Appaloosa Territory, then go to "foundation numbers" 1-100), and scroll down to F31, you can see the information and photo of this horse. Sherry is wondering whether there is any other information or photos about horses (particularly Appaloosas) that J. Leo Seely may have owned and/or bred. She says that there is a registered Appaloosa mare named Manti-Sue ApHC T4453, bred and owned in Utah, that is shown as sired by Seeley's Appaloosa. There are several descendants of this mare in Utah, according to registry records. She is hoping for some sort of information about any possible horse breeding program J. Leo Seely may have had.

SGS Response: Findagrave has a memorial for John Leo Seely (1887-1971). It mentions that he died of head injuries when he fell off his horse and that he was an "employee of the Dept. of the Interior, working with Indians" (<https://www.findagrave.com/memorial/143394/john-leo-seely>)

We also have his obituary on our website: <http://www.seeley-society.net/obits-ly/obit-johnleoseely.html>.

John Leo is a descendant of Justus Azel Seeley (SGS# 836). It turns out that he is in former SGS President Lynda Simmons's line, so I asked her for help. She replied to Sherry: "Leo inherited his parents' home in Mount Pleasant, Utah. My husband and I stayed in that house the night before we were married. Leo's parents were John Henry Seely and Margaret Folkman Peel, and they built the

home. John Henry Seely's parents were Justus Wellington Seely (SGS# 2237) and Clarissa Jane Wilcox.

In FamilySearch.org there is a picture of Leo, his wife, Edna Lucile Rolph, their two daughters, Ina and Chesla, and grandchildren. My mom loved Ina and Chesla. I remember Leo looking the same as he does in that picture. There are many other pictures and memories of him, including one that said Leo died of a kick in the head from a horse he was training." Lynda encouraged Sherry to explore all the information on Leo and his family available at FamilySearch.org.
